

Lecture 3: Prediction of ECT and BCT dependent on fibre sources virgin or recovered

Technische Universität Darmstadt

Fachgebiet Papierfabrikation und Mechanische Verfahrenstechnik (PMV)

Dr.-Ing. Heinz-Joachim Schaffrath

Alexanderstr. 8
D-64283 Darmstadt
Germany

Mail: schaffrath@papier.tu-darmstadt.de

Information about the speaker

Dr. Schaffrath studied mechanical engineering at Technical University of Darmstadt and École Française de Papeterie, Grenoble. After his diploma he continued at TU Darmstadt and completed his doctor thesis on winding of paper reels. From 1993 to 2010, he worked in paper industries as project leader and mill manager. Since 2010 he is back to research with special interest in paper physics and describing mechanical properties of corrugated paper.
